

Start Your Professional Journey with Confidence

After years of hard work, your career is about to take off. We're here to make the first steps easy with our Professionals starter kit.

We're proud to work with professionals, including dentists, physicians, pharmacists, lawyers, veterinarians and optometrists. With MNP, you're working with a team of advisors who can help you in every stage of your journey, from start-up to succession.

Simplify financial management with ease

Meet ease, MNP's digital accounting and bookkeeping solution. With ease, you save time managing your finances on a cloud-based platform that automates time-consuming tasks, offers easy-to-understand dashboards, and an MNP advisor to provide you with strategic advice along the way. This solution allows you to focus on your practice and your clients or patients while always knowing where your business stands, wherever you go.

Say goodbye to paperwork

Let us manage the paperwork. MNP's Corporate Services delivers corporate record-keeping compliance services ranging from incorporating new entities to preparing routine annual forms such as dividend resolutions. We host your minute book on a secure digital platform, making corporate records accessible whenever you need them.

Tax strategies from the start

The beginning of your journey is the perfect time to implement a proactive tax strategy. We identify and implement key strategies aimed at minimizing your taxes, both personal and corporate. From incorporating your practice to income splitting strategies, our advisors help you keep what you've earned.
