

## ACCOUNTING MANAGER

SASKATOON, SK

**\$80,000 to \$120,000**

### ABOUT SASKATOON DISASTER SERVICES

---

Saskatoon Disaster Services (SDS) is a family-owned and operated, full-service property damage and disaster restoration company with over 30 years of experience. They provide industry-leading 24-hour emergency response services, including water and fire damage restoration, mold remediation, hazardous materials handling, and construction and reconstruction. SDS assists clients from the initial emergency call through insurance claims to the final restoration of homes and offices. They are renowned for their compassionate approach and commitment to helping clients recover from disasters.

### ABOUT THE ROLE

---

Reporting to the Owners of SDS, the newly created Accounting Manager position will be involved in leading a critical new stage of growth for the business. The Accounting Manager will collaborate closely with the owners, providing financial insights, managing budgets, and ensuring the company's financial health. With the support of the front desk administrator, this role will also be managing all aspects of the company's day-to-day accounting.

The ideal candidate will have a proven track record of running a finance department in a similar industry and be comfortable in a hands-on role. Where required, the Accounting Manager will strive to increase efficiencies, improve processes, and continuously enhance the operations of the accounting department, promoting continued and sustainable growth.

### KEY RESPONSIBILITIES

---

- Lead and manage all aspects of the accounting function, including financial reporting, budgeting, forecasting, and cash flow management.
- Work closely with company ownership to provide financial analysis, business recommendations, and strategic insights.
- Ensure timely and accurate preparation of quarterly, and annual financial statements.
- Oversee project accounting and job cost tracking, ensuring alignment with budgets and forecasts.
- Manage and monitor the company's financial performance, including revenue, expenses, and profit margins, providing insights and recommendations.
- Implement and maintain strong internal controls to safeguard assets.
- Liaise with external auditors, banks, and financial partners.
- Support financial planning and analysis for key business decisions.
- Ensure compliance with regulations and financial reporting standards.
- Manage payroll, accounts payable/receivable, and general ledger functions.

- Continuously improve processes and financial systems for efficiency.
- Manage remittances (GST, PST, WCB, CBSA, payroll).
- Process accounts receivable/payable allocations and payments.
- Conduct collections as needed.
- Reconcile bank statements and ensure transaction accuracy.
- Develop cash flow and operating forecasts to ensure liquidity.
- Ensure timely processing of expense reports and reimbursements.
- Develop and document business processes and accounting policies.

## SKILLS AND QUALIFICATIONS

---

- Post-secondary education in Accounting, Finance, or Business Administration.
- Minimum of 3 years of experience, preferably in construction with project-based job costing experience.
- Ability to provide clear financial guidance to company owners.
- CPA designation is an asset.
- Experience improving invoicing, payroll, or PO systems.
- Proficient in Microsoft Office and QuickBooks.
- Strong technical and analytical skills with attention to detail.
- Proven track record in managing full-cycle accounting operations.
- Ability to multi-task with a hands-on approach.
- Strong knowledge of Canadian tax regulations and accounting standards.
